## OBSERVANCE OF MEMORIAL DAY TO BE GENERAL

Business in Connellsville Will  
Almost Entirely Suspend  
Monday.

## VETERANS ARE TO PARADE

Men Who Fought in Rebellion Will Be  
Joined By Younger Soldiers of  
Other Wars; Services at Ceme-  
teries; Two Ball Games Scheduled.

A more general observance of Memorial Day will be held in Connellsville on Monday than has been the custom for years. Practically every business house in the city will be closed and what few do open in the morning will close work at noon.

The ceremonies of the veterans of the wars in honor of the dead will be held in the morning, beginning with a parade which will form at city hall at 9:30 o'clock.

Services will be held in both the Chestnut Hill and Hill Grove cemeteries, but a more complete program will be carried out at the latter place. Many Connellsville persons will spend the day quietly while others are planning on taking trips into the hills or to other places. Chief interest, however, centers in the soldiers' program.

The parade is expected to be the largest held in the city for many years. The procession will be led by the Connellsville Military band, behind which will ride the Civil War veterans in automobiles.

In addition there will be a big turnout of American Legion men wearing uniforms without coats. The Veterans of Foreign Wars also expect a good representation. Company D will march and also the Sons of Veterans organization.

Boy Scouts will turn out in uniform and be on hand to assist the veterans in any way possible. The scouts will also be in the line of march. In addition the Ladies' Circle of the G. A. R. will participate. The line of march will be past the library lawn where the school children will assemble to sing patriotic songs as the veterans pass, and furnish them with flowers. There will be no school Monday.

The first visit will be to the Chestnut Hill cemetery and then to the Hill Grove. At the latter place Rev. J. Earle Edwards, pastor of the First Baptist church, will speak. Rev. W. H. Hetrick, who was scheduled to speak here, will not attend the program of the patriotic organizations here. In the afternoon the soldiers will go to Vanderbilt.

The cemeteries have been beautified for the occasion. Many persons there still placing flowers on graves today and more will probably do so tomorrow. There has been a heavy demand for flowers. Potted plants in bloom cannot be secured.

A baseball game will be played in the morning at 10:30 between the American Chain and the Connellsville Independent baseball teams. A second game between the same teams will take place in the afternoon at 3:00.

The picture theatres will be well patronized. Anita Stewart will be featured in "In Old Kentucky" at the Seaton and Frank Mayo plays in "The Girl in No. 29" at the Paramount.

Shady Grove park opens on Monday and it is expected many will go there. There are some planning to have basket picnics at the park.

In the evening Mrs. J. O. Miller, state chairman of the League of Women's Citizens, will be at the high school auditorium. The meeting is open to the public.

Holiday hours will be observed at the post office. Neither newspaper will publish.

## FURNACE TOWN PROGRAM

Everybody Invited to Take Part in the  
Memorial Day Services.

Memorial services at Dunbar will take place at 8:30 Monday morning, when all participating—and all are requested to take part—will gather on Front street near the Baptist church. The Sunday school of that church will lead the parade to the churches, the Sunday schools of each falling in line as the church is reached.

The line of march will be as usual, the Fairchance band leading the procession. Other bands are also expected.

Rev. Bolton will speak on "Present Day Memorials." Members of the Junior Order will also attend.

## HOOVER FORCES WORKED HARD TO DEFEAT JOHNSON IN HOME STATE; SPENT MONEY LAVISHLY

WASHINGTON, May 29.—Approximately \$200,000 has been raised for the national campaign of Senator Johnson of California for the Republican presidential nomination. Alexander McCabe, treasurer of the Johnson California organization, testified today before the Senate committee investigating pre-convention campaign finances.

Replying to questions of Senator Spencer, Republican, Missouri, McCabe said this total did not include local sums raised over the country but he declared that all other sums would not aggregate more than a few thousand dollars.

## BISHOP POST TO RECEIVE \$3,600 FROM WAR CHEST

Distribution is Part of \$50,000  
Authorized By Executive  
Committee.

## UNIONTOWN GETS LESS

Connellsville Has One Per Cent More  
of Enlisted Men Than the Coun-  
ty; \$15,475 for Near East Relief,  
\$10,000 for Jewish Relief Association

At a meeting of the executive committee of the Fayette County War Chest, composed of nine men, held in Uniontown yesterday, the disbursement of \$50,000 was recommended. A meeting of the War Chest committee will probably be called within a short time to approve the recommendations of the executive committee.

Under the recommendations of the committee American Legion posts, 19 receive \$13,000. This sum is to be distributed according to the proportion of territorial enlistments. By this method Uniontown will receive \$3,600, having 24 per cent of the entire enlistment of the county. Uniontown has 23 per cent. The other eight posts will receive amounts according to enlistment.

In addition to the money given the Legion, Walter E. Brown Post, Veterans of Foreign Wars, also a Connellsville organization, gets \$500, as does the De La Loma Post of the same organization in Uniontown.

Neither local organization was expecting the gifts, which came as a complete surprise. Milton Bishop post at present is working on plans to secure a permanent home and with this boost to the treasury an earlier start may be secured.

Other recommended disbursements were:

For relief of the Near East, \$18,475. Jewish Relief Association, \$10,000. Fayette County Children's Home Association, \$1,500.

The financial statement showed total subscriptions to the War Chest of \$364,319.93. The total amount collected was \$451,519.93, leaving an unexpended total of \$113,000.

Up to the present time the total paid out is \$79,948 to the Red Cross; \$175,000 to war work funds, and \$58,000 to contingent funds. It was recommended that \$71,987 be turned over to that organization.

"One time in particular," he said, "father left a note on the desk stating that he was going to Lilly mine. I became suspicious and went to Catherine street (Brownsville) and hid in the bushes. After a long wait I saw father come out between the houses of Mrs. Bertha Brown and my brother and start across the plan of lots in the rear."

The witness could not state that Dr. Smith had been in the house of Mrs. Brown, co-respondent in Mrs. Smith's divorce suit.

## SECOND CASE OF SLEEPING SICKNESS AT DAWSON; MRS. EDWARD GOODMAN, VICTIM

A second case of what has been  
diagnosed as sleeping sickness is re-  
ported at Dawson, the victim being  
Mrs. Edward Goodman. A specialist  
from Pittsburgh, called to the house  
last evening, pronounced the case one  
of the malady with which Miss Nellie  
Cossell of Dawson was attacked several weeks ago but from which she  
has sufficiently recovered to be  
brought home today from a Pittsburgh  
hospital.

Mrs. Goodman was to have been removed to Pittsburgh for treatment Friday but her condition was such that it was deemed inadvisable and the specialist was summoned.

For about three months Mrs. Goodman had been unwell but her condition did not become alarming until about 10 days ago. She has been sleeping for several days and it became apparent that the illness was the same as that with which Miss Cossell was stricken. The specialist confirmed the diagnosis of the local physician.

Mrs. Goodman is a daughter of Mrs. Edward Snyder of Dawson and daughter-in-law of Mrs. John Spaulz of the West Side, Connellsville. Her husband is employed as a brakeman on the Pittsburgh & Lake Erie railroad.

## WORLD WAR VETERANS ALL ASKED TO TURN OUT MEMORIAL DAY

Special Appeal Is Issued by Major  
McKee; All Details for the Event  
Have Been Arranged.

Major R. S. McKee, who will be in charge of The American Legion detachment in the Memorial Day parade, makes an appeal to all former service men, whether members of the Legion or not, to turn out on Monday.

"This is the first Memorial Day in which we younger veterans have been called upon to participate, hence we should regard it as a duty to respond," he said. "We have an obligation as citizens to pay our tribute of respect to the senior veterans of the Civil War and of the Spanish-American War, and the no less sacred obligation to honor the memory of those of our own comrades in the World War. Both the veterans and the community have the right to expect an appreciation on our part of the privileges we have of joining in the sacred and solemn duty of the day. We will be disregarding ourselves and our fellow citizens if we fail upon this occasion."

All the details of the Legion's part in the exercises have been arranged. The graves of the 12 members who are buried in the local and neighborhood cemeteries have been marked, thereby completing the work of the committee in charge.

Company E, Tenth Regiment, National Guard of Pennsylvania, will assemble at the armory promptly at 8:30 o'clock to participate in the parade. Captain Skomp, who is in Pittsburgh today, telegraphed this morning that he had received instructions to order out the company for the parade.

The use of the carnival band of 30 pieces, has been tendered to the committee in charge.

The Veterans of Foreign Wars have selected the men for the firing squad and also the color guard. They will assist the Civil War veterans in getting things shaped up at the mobilization point of the parade. M. J. Welsh will be the representative of the Foreign Wars veterans on the speaking program.

## SURPRISED AT WILSON

Request for Mandate Creates Stir  
Among Armenian Relief Workers.

By Associated Press.

CONSTANTINOPLE, May 26.—Many Bolshevik agitators are in Trebizond, an important port on the southern coast of the Black Sea, but the situation there is quiet according to messages received here.

The Turkish population is for the most part opposed to Bolshevism but in case of the enforcement of the provisions of the Turkish treaty giving Armenia access to Trebizond, it is feared the nationalists there will join the soviet government.

President Wilson's recommendation that the United States accept the Armenian mandate caused much surprise among Americans here. American and British officials as well as men and women engaged in relief operations seemed to believe Armenia may be swallowed up in the Bolshevik movement. They say it is only a question of weeks until Armenia and Georgia will be avowedly Bolshevik.

burg & Lake Erie Railroad.

## CENSORING OF THE CARNIVAL BY THE MAYOR DEMANDED

Rev. Edwards is Specific in  
Enumerating the Most Ob-  
jectionable Features.

## ACTION WILL BE TAKEN

If the Local Authorities Do Not Move  
to Suppress Unlawful, Obscene, Im-  
moral, Suggestive and Gambling At-  
tractions Which Accompany Show.

The coming of another carnival to Connellsville is serving to stir up action those citizens who have found in this form of public entertainment much that is objectionable, hence undesirable as an attraction of the summer season. This attitude is given expression in an open letter Rev. J. Earle Edwards, pastor of the First Baptist church, has addressed to Mayor Duggan, the Firemen's Association, the Board of Health, the churches of the city, the Woman's Culture Club and "the citizenry of Connellsville" in general, as follows:

"After spending an evening with the carnival company that is advertised to show in our city for a week beginning next Monday, Memorial Day, it is necessary that we should know the nature of the carnival scheduled to appear in our community. It is inconceivable that the city authorities and the firemen know the facts, and certainly the people are not aware of them.

"The animal shows, the 'dare-devil' cycling, ferris wheel, minstrels, carousel, the whip, and other such pleasurable pastimes, are as good as can be found anywhere. But there are more concessions of another sort—unlawful, obscene, immoral, vicious, lewd, indecent, suggestive, gambling (I counted sixteen), improper in the mind of everybody, the carnival men themselves, as many have formerly acknowledged to me personally.

"Enough creeps into the life of every community without importing with open eyes the like of this. We curse the New American for not being Real American. Is this what we want him to learn? Venerable disease is rampant in our community, the government report states. It will be worse still if this thing takes place next week as planned. The tone of the whole city will be lowered and the city be worse off in every way for having had the carnival in our midst.

"The people of Connellsville are like the people everywhere. We do not want such things to go on. If the firemen need money and will present a budget to the citizens showing the appropriations do not cover their needs, the people will not permit the disgrace to come upon the city and the firemen that carnivals bring. I will head the list according to the amount needed by the men. We want the firemen; we do not want such means of money-getting.

"Mr. Mayor, you have issued a call to the business men of the city to close their places of business Monday, Memorial Day, that the day may be fittingly observed. Yet you will become party to desecrating this day and every day in a most unbecoming way if you do not eliminate the objectionable features from the carnival next week. You will not permit such disgrace to come upon us all. To be definite, we ask that paddle wheels, so-called girl shows, lewd exhibitions in model and picture, immoral suggestions in high life, be eliminated from the program that the carnival has been showing this week in a sister city. We do not want it to be started Monday, and we want it to be kept out throughout the whole time the carnival is here. You (fulfilling your oath of office) is to be expected but it will also be appreciated.

"While no organized steps have yet been taken to at least cause a suppression of the most highly objectionable features of the carnival, as enumerated by Rev. Edwards, it is understood such plans are being formulated and will take form on Monday.

## PIG CLUBS READY

Weighing in Will Be Started Tuesday  
of Next Week.

The boys and girls entering the Poland China Pig club will start their work next week. Those becoming members of the Luzerne township group will have their pigs weighed in next Tuesday. The other groups will be weighed in at a later date.

Interest in the Poland China Pig club is very keen, largely because the adult breeders' association has been active during the past several days. This activity has resulted in the sale of \$582 worth of breeding stock for members of the association. The boys who started in the club work last year will participate in the activities of the adult association and thereby share in some of its profits. This puts the club work on a permanent basis and appeals to those contemplating joining the club this year. Anyone wishing to join the club must get in touch with the Farm Bureau immediately.

No Paper Monday.

Along with other enterprises of the city The Courier will suspend publication Monday. All employees will be given a holiday.

## THE BENEFIT OF A CAMP.

All the members of Company D are looking forward to the start of the camp at Mount Gretna. The last two weeks in August. In preparation for their vacations the members are arranging with their employers to be relieved at that time, as they feel sure no better time could be secured. A full of men will be sent ahead to make preparations for the coming of the rest of the company. A special train will be provided to carry the men to camp and a general good time is expected by all. Every man who attends this camp is going to come back with a new lease on life.

There is no better place in the state of Pennsylvania than Mount Gretna for putting rim into a fellow, and it only takes two weeks to do it. Some of the old members of Company D speak highly of the town known as Lebanon. This town is about 22 miles from camp and a good many of the men spend evenings there, taking in shows and the like.

Amusements, such as boxing, wrestling, jumping, running, etc., will be had at the camp and regular hours will be observed for eating, sleeping, exercising and drilling. All these things, together with swimming and fishing in Lake Conewago, will bring the men back home fit to fight.

News from Harrisburg states that enough land is to be cleared at the state permanent camp ground at Mount Gretna to provide for camping 20,000 men. Buildings to house all the vehicles needed for a division will be put up. Highway building to facilitate movement of troops and stores as well as the division equipment is being pushed. The work is expected to be finished before the date for the rifle matches and the encampment.

## WHY I AM A NATIONAL GUARDSMAN.

I believe in my country's need. I need the physical training of military drill.

I want to know how to care for my body in camp and field.

I enjoy the rifle practice, and without cost to me.

I would rather live in the open air, and so I go to camp.

The annual maneuvers are instructive, interesting and inexpensive.

I have all the privileges of the Army—no dues.

I meet and associate with many able and intelligent men.

If there should be war I will know the fundamentals and can at once, and will know how to fight disease.

I most thoroughly believe that every able-bodied citizen should serve at least one enlistment as a citizen-soldier.

With all these advantages I am away from home only one night each week.

If you are interested in the work, for your self or your son, call personally at the local Army any evening.

## DR. CONNELLY SPEAKER.

Commissioner of Labor and Industry to be at Greensburg.

Members of the Westmoreland county medical society will hold their regular monthly meeting in the auditorium of city hall, Greensburg, at 8 o'clock, Tuesday evening. After the business part of the evening has been cleared, the program will consist of a scientific nature in which Clifford B. Connelly, commissioner of labor and industry, Harrisburg, will deliver an address.

The members of the society desire that their friends, druggists and dentists shall attend the meeting.

## LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

Chamberlain's Tablets

## BETWEEN DETAILS.

"Say, mister, can you name me some of your records?"

"Yes, man. We have for 750—'Smiles' for \$1.00—'Kisses' for \$1.50—'You'd Be Surprised' for \$2.00."

A minister was coming through the lines and was confronted by the guard. "Halt, who goes there?"

"Charlton," came the reply.

"Pass on, Charlton."

"First private—Do you think that long hair makes a man look intellectual?"

Second private—"Can't say, but I've seen a woman pick one from a man's shoulder that made him look foolish."

Pittsburg Post.

"Bill" Carter, our boxing instructor, with a quart bottle of whiskey in his pocket, was crossing Crawford avenue, when an automobile hit him. Immediately he felt a liquid trickling down his leg. A look of fear came over his face.

"Ladly sakes," gasped Bill. "I hopes that's blood!"

"General Orders" AND GUARD DUTY AT DRILL.

Owing to the absence of Private Haviland, glancing instructor, and Billy Carter, boxing instructor, the schedule Monday night was changed to a great extent. The time usually reserved for these periods was taken up by a school for new men, in charge of Lieutenant Bewick, in the reception room of the Armory. At the same time Captain Skomp conducted a school for non-commissioned officers. The subject "General Orders" was taken up in both meetings, which proved to be very interesting and instructive.

Several amusing incidents occurred. Private Quincy Pore could not understand why soldiers are not allowed to talk to their girl-friends while performing guard duty. Some of the other boys in the company would rather have a camp chair than walk 120 paces per minute, which is required.

There is no ground for objecting to the amount of time taken up by Company drill. The National Guard gets one-fourth the pay of the Regular Army while not in active service and full pay while at camp or in active service. There is a good chance to earn money and still have a fine time out of it.

Private Franks has a scheme—he is going to buy West Penn stock with his pay. Get busy, some of you enterprising young fellows who hope to save money.

The only thing that is known about Company D participating in the Memorial Day service is what has been published in The Courier. We have no orders concerning same.

Drill will be held as usual next Monday evening. Every man is requested to be present, as many questions of real importance will be taken up and explained. As Memorial Day will be celebrated Monday some men are under the impression that there will be no drill, but the usual schedule will be carried out.

Lieutenant Bewick's appointment as first lieutenant has been officially announced in a recent issue of the Army and Navy Journal, in general orders. Lieutenant Marietta has received his commission as second lieutenant, but it has not as yet been announced in that publication.

"Bob" Hannam, who is in charge of the company club rooms, is making preparations to have them in tip top shape by the time the company is to be mustered in.

## IN OUR ARMY.

We have Basketball, Indoor Rifle Range, Needle Shower Bath, Pool Table and Reading Room, a Dance every week and a Military Ball annually. We teach Map Reading and Map Making, Sanitation and many other subjects of great value to young men. All we ask in return for this is one hour drill each week.

## SPORTS.

Lieutenant Bewick has played several games of baseball with the non-arch team and has shown some speed. If things continue as they have, Company D will have a team "worth waiting for."

Private Danner is in view as our Company pitcher; also, several other men with qualifications. The first steps towards a baseball team will be taken next Monday evening. At that time a manager and captain will be elected.

"Butch" Rodgers, champion pool player of Company D, on Tuesday played Yaw to a standstill and Thursday defeated him, 100 to 89. Come on, some of you pool sharps, and hand it to "Butch."

Captain Skomp's track team at the Connelville high school is making splendid progress. There is no doubt that it will make a good showing at the meet. One member of the team is a Company D man and the instructor is captain of the same outfit.

It is devoutly hoped Boxing Instructor Carter will bring one of his pupils to such a degree of efficiency in the mainly art that the latter will "knock him loose from his shirt," then he won't have to be continually tucking the "south end" of this piece of wearing apparel in.

## A Word from Our Friends.

Sheriff Ira I. Shaw, in a communication to First Lieutenant Bewick, stated he was very anxious to see Company D completed. Sheriff Shaw has been putting in some good punches for Company D. He has been assisting with the recruiting by telling the prospective recruits of the advantages of belonging to a real Guard company.

"Zeke," as the sheriff is known to Company D members since 1902, has always been one of its boosters. We know he can be counted upon as one of our warmest friends.

For the Good of the Company. Some members of Company D are not showing up in the work to which they have been assigned. Mental exercises will develop the mind as physical exercise develops the muscles.

There will be drill on Monday evening even though Memorial Day will be observed on that day. For the benefit of a few who are heart and soul in the work we do not want to loose a single opportunity for training.

Some think all that is necessary on Monday evening is to answer roll call and then leave. Those who do this are laying up trouble for themselves later.

## MILLION DOLLAR JUNE SALES

## A Month Ago This Store Started Something!

The KAUFMANN & BAER store was the first big store in Pittsburgh—one of the first in America—to launch a campaign to bring down prices.

Like a prairie fire the movement has spread over the country. But the K. & B. store was in the van. We took the bull by the horns, and with our customary initiative began the campaign of stabilization that is bound to benefit the public at large.

All during the month of May we have been presenting a series of offerings never equalled before in Pittsburgh. As a result, this store has been riding on a wave of the greatest prosperity. It has chalked up new sales records—increasing its volume of business in tremendous percentages. It has borne fruit in the—

First break in prices!

Wholesalers and manufacturers have fallen in line. A backward Spring season, badly

disorganized transit facilities and a curtailment of credit by some banking institutions are forcing on the market many large lots of reliable merchandise at lowered prices.

Here, too, K. & B. resourcefulness scores again. With our hands full of READY CASH, we have taken advantage of every opportunity, where good, reliable merchandise of KAUFMANN & BAER quality could be had below the market prices. Hence we are able to announce beginning Tuesday (Store closed Monday, Memorial Day) the

## A Greater and More Determined Blow To Lower Living Costs

THIS is a public service institution. Its first duty is to its patrons. Under conditions such as prevail now it would fail in that duty were it to slacken its efforts in the campaign to lower costs which it was the FIRST store in PITTSBURGH to start.

To the many extraordinary purchases just made, we shall combine many large lots from our already low-priced stocks and mark them on a very close margin of profit.

## In Many Instances the Merchandise Will Be Sold Without Profit!

So, be prepared to come to Pittsburgh Tuesday and on each and every other day during the month of June—and to witness an avalanche of bargains that no other store in Pittsburgh will duplicate, or can duplicate.

## CURED HIS RHEUMATISM!

"I am eighty-three years old and I doctored for rheumatism ever since I came out of the army, over 50 years ago. Like many others, I spent money freely for so-called 'cures' and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain. My hands were so sore and stiff I could not hold a pen. But now I am again in active business and can walk with ease or write all day with comfort. 'Friends are surprised at the change.' You might just as well attempt to put out a fire with oil as try to get rid of your rheumatism, neuritis and like complaints by taking treatment supposed to drive Uric Acid out of your blood and body. It took Mr. Ashelman fifty years to find out the truth. He learned how to get rid of the true cause of his rheumatism, other disorders and recover his strength from 'The Inner Mysteries,' now being distributed free by an authority who devoted over twenty years to the scientific study of this trouble. If any reader of The Courier wishes 'The Inner Mysteries of Rheumatism' overlooked by doctors and scientists, for centuries past, simply send a post card or letter to H. P. Clearwater, 784-D, Street, Halliwell, Maine. Send now, lest you forget! If not a sufferer yourself, cut this notice and hand this good news and opportunity to some afflicted friend. All who send will receive it by return mail without any charge whatever. —Adv.

## SCOTSDALE WAR VETERANS SCORN USE OF VEHICLES

Fighters of the Sixties Will March to Cemetery to Honor Dead.

### STEPS ARE MATERIALLY SLOWED

Time Was When Order Went Out to Band Leader to "Put Little Vim Into Music; Now It Is "Get So Fast, So We Can Keep Up." Exhibit.

Special to The Courier.  
SCOTSDALE, May 29.—On Monday morning, if the weather man permits, every member of Colonel Eliam's Post, G. A. R., who is able to walk will follow the G. A. R. band to the cemetery about Frank Hardy, leader of the G. A. R. band, states that in 1886 the G. A. R. band appeared on Memorial Day to escort the veterans to the cemetery and for that and several years the familiar cry would be:

"Pink, a little faster so that we can step out. Put a little vim into it."  
Mr. Hardy says that for the past couple of years when they start out he hears: "Pink, not so fast so we can keep up."

Sixteen of the men of the 20 members of the post will march. Two will be taken in automobiles and two are invalids that cannot leave their homes. At 9:45 promptly the parade will move from Chestnut and Pittsburg street.

The following program will be carried out at the cemetery: Selection, band; commander's remarks, J. C. Jarrett; chaplain's prayer, J. Harvey Luker; commander's address, J. C. Jarrett; officer of the day, J. C. Jarrett; songs, a mixed choir, led by Elmer Morrow; taps, Bugler Tannehill; recitation, Miss G. Rollison; song, "Boys in Blue"; choir; address, Rev. C. C. Rich, pastor of the First Baptist church; song, "The Old Brigade"; choir; benediction.  
The firing squad will be made up of 16 members of The American Legion and the Sons of Veterans. The exercises will be held over the grave of John Booher.

Many View Exhibits.  
The exhibit held in the Scottdale

high school yesterday far exceeded any ever held here and was one of the best that most people had ever seen. All afternoon persons interested in the schools were coming and going. The Choral club, under the direction of Miss Lorna Altwood, gave the following program: Song, seventh grade; high school chorus, mixed; sextette, high school girls; two numbers by the Choral club.

The domestic science display was in charge of the teacher, Miss Mary Myers, who with the students that prepared the doughnuts, cakes, cookies and all of the bake display offered these for sale to make the exhibition pay for itself and this it did. Some of the cakes were sold before they were out of the oven. The two rooms of sewing on display showed good work.

The writing display was excellent and was in charge of Miss Peterson. The art display was in charge of Miss Evans and was very good. The manual training display was excellent. There has been no manual training teacher for some time.

## SIX MONTHS I COULD NOT WORK

Lydia E. Pinkham's Vegetable Compound Made Me Strong and Able to Work—I Recommend It To All My Friends.

Bayonne, N. J.—"I had pains in back and legs so that I could not stand caused by female trouble. I felt so tired all the time, had bad headaches, and for six months I could not work. I was troubled by a physician and took other remedies but got no relief. A friend told me about Lydia E. Pinkham's Vegetable Compound and it has helped me very much. I am well and strong and now able to do my work. I cannot thank you enough and I recommend your medicine to my friends who are sick."—Mrs. Soare SACATANEV, 25 East 17th St., Bayonne, N. J.  
It must be admitted by every minded, intelligent person, that a medicine could not live and grow in popularity for over forty years, and today hold a record for such wonderful success as does Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

## A Washday Health Lesson for the Housewife

Ordinarily we like to hold up the Orientals as "horrible examples" of everything that is old-fashioned, but in some few things we yet can learn from our eastern neighbors.

It is our practice to wait until we become ill before we call the doctor. The custom of the Asiatic folk is to employ a physician to keep them well—if a "patient" becomes ill the doctor's fees stop forthwith.

The health philosophy of the Orientals is precaution.

Why not make this your philosophy these winter days—at least to the extent of playing safe with the washing? There is danger to you in washday's

steaming tubs; in the dampness of cellars; in braving rain, snow and sleet while hanging out the clothes. Why not make yourself safe from these menaces of winter washdays by sending us your family washing?

We can launder everything for you—cleanse and sterilize household linen and personal apparel; give to every piece, a fragrant cleanliness; iron for you in a manner that will save your things, yet give to them a fine daintiness of finish.

Our way is the saving way—it will save you heavy work, save you health, save you money. Telephone, or drop us a card, and we will have our driver call for your family washing.

Don't Neglect the Good Work You Have Begun.  
Every deposit in your savings account makes you that much better off, that much stronger, that much nearer the goal you wish to reach—financial independence. ### Never Saw Anything Better.

For colds that "hang on" and for lingering coughs that follow the "flu," there is one safe family cough medicine sold from the Atlantic to the Pacific. Mrs. A. B. Griffith, Box 154, Andrews, Ind., writes: "Last winter my family all had the 'flu.' I tried Foley's Honey and Tar and never saw anything better. From now on I will not be without it in the house." Don't let children suffer from croup or whooping cough when this reliable remedy can be so easily procured. Sold everywhere.—Adv.

Mrs. Charles Watson of Conneltsville arrived here yesterday for a visit with her parents, Mr. and Mrs. Alvin Burnworth.

### Beauties More Than Skin Deep.

There is an old saying that beauty is only skin deep. That may be so with those who get their beauty out of a box but not the genuine sort. Beauty is really only another word for good health and no woman who is bilious and constipated can reasonably hope to be beautiful. Chamberlain's Tablets will correct these disorders, then with proper diet and exercise there is no reason why any young woman with regular features may not hope to be beautiful.—Adv.

### Divorces Sought.

Salvatore Avolio, of near Scottdale, has filed his libel in divorce, at Greensburg, against his wife, Margaret Avolio. He states they were married August 20, 1917. Adultery is charged.  
Simon Ulrich, of near Scottdale, alleges he had trouble with his wife, Mary Ulrich, and has applied for a divorce. He says they were married February 1, 1909, and lived together until December 9, 1918. The petitioner names the man who caused his trouble.

## METTLE OF INDEPENDENTS WILL BE GIVEN THOROUGH TRIAL IN TWO GAMES ON MEMORIAL DAY

Exceedingly Strong Lineup For Team of the American Chain Company.

### LOCALS BOLSTERED, TOO

Unless the American Chain company's team, which plays here Monday, meets with some calamity in the meantime the Independents are slated for two of the hardest games of the season on that date. The challengers have been going strong this season and are coming here with the intention of making a clean sweep of the morning and afternoon games, although the locals will have a formidable lineup themselves and expect to have considerable to say about the Memorial Day results.

According to the lineup just received from Manager Stoll, his outfit could go into a good minor league and be a contender from start to finish. The pitching staff includes Cliff Markie, who has had major league experience with Cincinnati and the New York Yankees, and who was with Salt Lake City of the Pacific Coast league last season; Ozle Slom, who has been going good in independent circles around Pittsburgh, and Tyson, who has been the leading slab for the Chain team this season. James, last season with Beltsboro, has been catching most of the games so far.

The infield is fully as strong as the pitching staff. Krick, a West Virginia Wesleyan product, who has also had a tryout with the Pittsburgh Pirates, will cover first. Stanley, late of Chattanooga, holds down the keystone sack and J. Swane, leading batter of last year's Wilkes-Barre team, is on third base. Flynn, who had a corking good season in the Georges Creek league last season, is at short. Flynn is considered one of the best infielders in Western Pennsylvania.

O. Swane, who made a reputation for himself among the leading semi-pro teams and then played good ball in the Panama league, is one of the outfielders. Kelly, who led the inter-county league last season, is another. Reid, of Homestead Steel, and McGraw, formerly with the Pottsville team, complete the list, and if that isn't some aggregation there's no use trying to book one. A team of this caliber would be too hot for many Class D leagues or even better. The Independents showed plenty of class in the opener; they will be far stronger in both this afternoon's game and the double bill Monday. Walter Moody, one of the best hitters in this section, will be on the job in left field, his old position. While Moody is a first-class infielder, it is as an outfielder that he has always shined in the far pasture. The management is after another crackerjack fielder, with good prospects of landing him in time for Monday.

Two new pitchers, both men of considerable reputation, will be used against the Chain team. George Young of Ambridge, who pitched great ball for Republic at the time they were grabbing everything not tied up in the big league last season, will work in one of the games, and Jakey Hauser of East Liverpool will be in the mound in the other. Hauser has been standing them on their heads in the neighborhood of the pottery town and has had several good offers from minor league teams. Herrod, who made such a good showing here last Saturday, will work this afternoon. He will be on the bench Monday, to relieve either of the others should they start to wobble.

The games Monday will be an excellent test of the strength of the local team. Should the Independents win both games, it would be a good indication that they class above the average semi-pro teams, while an even break, which is all that should be expected, would show that the home team has a license to go up against anything on the independent circuit. In fact, the management is only waiting to see how the team shows up in these games before going after Franklin, Oil City and other teams regarded as the best independents playing this year. The morning game will be at 10:30; the afternoon contest at 3:30.

Charlton, which team is the attraction at Fayette Field this afternoon should give the home crowd a hard battle. One thing Charlton can't invariably produce is a ball player. There probably have been more good players turned out by this river town than any other town of its size in the country. Charlton has the whole Monongahela valley to pick from, and that section has certainly produced some pipkins. Among those who have started out from the Magic City are John Tener, star slaban for Chicago in the late 80's and the early 90's; Willis and Bert Humphries, the former having been a regular with Philadelphia for two seasons and later led the National league pitchers; Nally, who led the American association in base running the year after he moved up from Charlton; Bill Phillips, who was with Indianapolis so long that he was able to equip two entire teams in the valley with his cast-off uniforms, and a host of others.

**BASEBALL ON ROPS.** Trotter fans were disappointed yesterday when the newly organized Keystone team failed to show up as scheduled. Trotter is certainly running in to a bunch of hard luck trying to arrange games that will take place.

Immediately following the ending of the big game in the afternoon on Monday, Dennis Johnson's colored team will play the colored team of

### THE SOISSON.

"THE LAW OF THE NORTH WOODS."—A powerful attraction and a two reel comedy, are being shown today. Monday, Tuesday and Wednesday of next week Anita Stewart, the charming actress, will be starred in "The Law of the North Woods." The fans of the original "The Old Kentucky" know all about the horse race. How the little girl from the mountains comes down to the blue grass region to warn the handsome young man who has been kind to her that his life is in danger because he is suspected of being a revenue agent. How she saves the life of "Queen Bess," his racing entry, from a burning stable the night before the race on which his fortune depends, and how when the jockey who is to ride the horse is rendered incapacitated at the last moment by opponents she rides "Queen Bess" to victory. Yes, the fans can talk for two hours on that race and not repeat themselves once.

### THE PARAMOUNT.

"RECLAIMED."—A five act production with well known players appearing in the leading roles, and the sixth chapter of the popular serial, "The Silent Avenger," are today's feature attractions. Monday and Tuesday Frank Mayo will be starred in "The Girl in No. 29."

The well known film favorite plays the part of Laurie Devon, a rich young man who has helped write one successful play and refuses to work any more. His chum, Rodney Bangs, the "pluggie" for the pair, conspires with Laurie's sister to wake up the young genius and give him a new interest in life.

Laurie soon finds himself in the center of a mysterious series of events in which he meets a beautiful girl apparently haunted by a gang of unscrupulous criminals. He tries to help her and meets with more thrilling adventures than he has ever imagined could come to a man. The plot takes on a tragic note when Laurie, in saving the girl from a band of thugs, apparently kills a man. The screen drama is saved from being a tragedy by explanations which turn it into a comedy.

## What Will Happen If Connellsville Becomes An Oil and Gas Producing Center

Right here in Connellsville there is just as good prospects for paying oil and gas as there was in Texas or Oklahoma before the fields in those states were developed. Connellsville is midway between the great oil fields of Pennsylvania and those of West Virginia. Experienced prospectors and drillers as well as geologists have pronounced the conditions in the Connellsville field as showing all indications of oil deposits.

The Connellsville Oil & Drilling Co., composed of local people is now making the test. The drill is now down to a depth of about two hundred feet. Sand formations have been encountered that give every indication that the derrick has been erected on the right spot.

Every day brings this city nearer to the hoped for results. If we find what we have every prospect of doing Connellsville will become many times more famous than today. Investors who have the forethought and courage to invest a very small amount in the initial enterprise are bound to realize rich rewards.

Fortunes have been made over night in the oil and gas business. Not by the fellow who got in at the tail end but by those who were willing to take a chance of the results on the first ventures. You cannot afford to be on the outside looking in when the cost of becoming a share holder is so small. Every man in this section ought to be a partner in this enterprise.

This development of what appears to be a field favorable for exploitation is in fact a community enterprise. If it succeeds it will tend to enrich every property holder in the community and it will give Connellsville a new life. Aside from the chances for success, it is good civic business to assist in making this development. The Capitalization is very low, and even a small share holder will find his investment surprisingly profitable should oil or gas be found. No man can tell in advance what is in the depth of the ground, but millions have been made by investing in the hidden wealth of the mine and the well. Because of the low capitalization of the Connellsville Oil & Drilling Company, only fifty-five thousand dollars being issued, the discovery of oil or gas east of the city would be a money maker to every man holding even a very few shares of stock at the par value of ten dollars a share.

### BEAUTIFUL GIRLS WITH LUXURIOUS, SOFT, FLUFFY HAIR

Soon grow from the healthy child who has enjoyed proper parental care. Care of the young daughter's hair, in this day and age, is very essential to her attractiveness, progress and success in the soon-to-come young womanhood of her life.

Do not destroy her chances in life by hair neglect. Naturally if there is no antiseptic tonic used on the scalp, dandruff germs, which lodge there, and which are practically unavoidable, will get a start, and destroy the hair roots and the small glands which supply color to the hair. This condition means a thin growth of fading, falling hair. As a direct result of this many girls are at a decided disadvantage.

The easiest, cleanest and most satisfactory remedy for getting rid of dandruff or removing these, and other hair troubles is the hair nourishing antiseptic, CRUDOLEUM. It will overcome the dandruff, save the hair and avoid much future expense and trouble and assure for that daughter of yours the asset and blessing that she is justly entitled to, namely, beautiful healthy hair.

CRUDOLEUM is endorsed by professionals everywhere, and a large bottle is sold at the Connelville Drug Co., and the Broadway Drug Store, Gettysburg, for only 35c. Get a bottle today at either store; they are authorized to guarantee it to satisfy you. If your druggist does not happen to have CRUDOLEUM in stock mail us 40c and we will send it to you postpaid. ### SMITHFIELD WILL OBSERVE MEMORIAL DAY ON SUNDAY

All Preparations For the Event Have Been Completed and Most Impressive Service Is Foreseen.

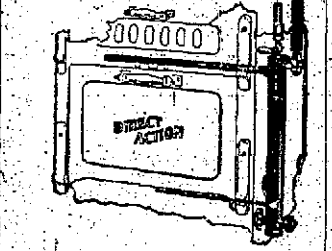

Special to The Courier.  
SMITHFIELD, May 27.—Rev. Wilson of Dunbar, preached the Memorial sermon to the G. A. R. in the Presbyterian church here Sunday. His address was appropriate to the occasion and well received by all that were fortunate enough to hear it. Rev. Paul Elliott, pastor of the church, was in charge of the service. The Memorial sermon on this occasion, but was unavoidably

prevented by being called away by a previous appointment, and he procured Rev. Wilson as his substitute, who ably represented him both here and at his other appointment at Grace chapel at High House, preaching at the latter place in the evening. The G. A. R. went to Woodbridge town in the afternoon of the same day and in connection with the Sunday school held Memorial services and decorated the graves of the 15 soldiers dead buried in the cemetery there. Rev. Austin, pastor of the Baptist church of Smithfield, made a fine address in the church preceding the services in the cemetery. The Independent Order of Red Men are making an effort to revive the order here. June 1 is set as the time for all the applicants and others that desire to join to present themselves for initiation.

### URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

### Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcline mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcline—that's all you need and after you have mixed it with enough boiled water to make a pint gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness; heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

## COUGHED FOR 2 YEARS ORDERED TO DENVER

Regained Flesh and Strength Quickly, and Tells How.

"I nearly died from the last October, and it left me with a terrible cough. The doctor gave me one bottle of medicine after another, but it did me no good. Went to Charlotte, N. C., and took treatment of a specialist without any permanent benefit. I saw Mils Emulsion advertised and started using it. It helped me right from the start. I had no appetite and my stomach was in bad shape. But 12 bottles have strengthened me out entirely. I eat anything without distress, my cough is gone and I have gained back my strength and flesh. Emma Withers, Box 50, Belmont, N. C. Don't trifle with a weak, run-down condition. It leaves you open to serious diseases. Get your strength back. Mils Emulsion does nothing to try. Mils Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and purgatives. ## Buyers of West Penn Railways Stock Like It So Well Many of Them Come Back for More

The old adage, "A pleased customer is our best advertisement" surely applies in the case of buyers of West Penn Railways Preferred Stock.

The first investment is often followed by a second purchase of a larger number of shares.

And it's significant that where a man has sunk money in a quick wealth scheme that didn't pan out well, he turns to West Penn Railways and buys a block of stock.

From wild speculation to sound investment is a natural reaction.

### Here's One Family Holding 39 Shares

One day in March a Springfield Township, Fayette County, school teacher bought one share. A month later her mother subscribed for 12. Then a brother took two shares, her mother two more, her brother-in-law 14, her sister 4 and finally her mother bought 4 more—a total of 39.

And all were purchased without a word of solicitation.

### Brownsville Man Comes Back 7 Times

Many similar cases could be cited.

### Just a Year Ago

—donning their Khaki once more, the Boys of '17 marched in the parade to Hill Grove cemetery, sharing for the first time with their fathers and grandfathers in the tribute of love and remembrance symbolized in Memorial Day.

Yet, how often since, has "Taps," the sweetest lullaby of all, floated gently over the eastern hills and another comrade, who had answered the last roll call, been left to "go to sleep" while his buddies and friends coming back to town WONDERED WHETHER HIS INSURANCE WAS IN FORCE.

And what elements of tragedy lay in the thought if there were dependents left to face the future—alone! Today in Conneltsville almost ONE AND ONE-HALF MILLIONS of dollars, aggregating potential incomes of \$9,000 a month or \$108,000 annually are at stake because of insurance which has lapsed.

### Publicity Is the Remedy

Let everybody talk about it. Such a loss is the greatest civic calamity the town could have. Were it represented by an industry, there would be a great rush of public support to its rescue. Shall there be less interest in the future of the Serviceman's dependents?
